Wireless and Wired Networking for Multiple Users

Share the MFC-490CW among several users in your home or across a small office with the built-in wireless (802.11 b/g) and wired network connections that support multiple users. It's as easy as 1-2-3 to set up and safe to use thanks to the Secure Easy Setup™ (SES) software. With this, anyone within your network can have the freedom of printing and scanning directly from their PC. Wireless or wired, the MFC-490CW connects you the way you want.

Efficient and Versatile Companion for SOHO

With the most advanced functions, the MFC-490CW meets all the needs of the SOHO user. Combining the best of both worlds, the scanning and copying functions (MFC) integrates the best of both.

Ease of Use

With a wide full colour 3.3" LCD screen, operating the machine is now a breeze. Easily access copy and scan settings and even preview or edit your photos without the use

of a PC, all with the touch of a button.

What's more, skin tones, blemishes and red eyes can be corrected directly on the MFC for perfect pictures every time with the bundled FaceFilter software.

PC-free Photo Printing

Printing borderless photos is quick and easy too. You can print directly from your digital camera using the PictBridge™ interface, or directly from media cards. Additionally, you can also print directly from, or scan directly to, a USB flash memory drive.

Small Office SOHOs

With its advanced features and technology, the MFC-490CW is the perfect solution for the small office and home office. It provides the most efficient printing, faxing, scanning and copying. With its advanced features, this Multi-Function Centre® is the perfect solution for other's MFCs for SOHO usage.

Professional Print Quality

With a 1,200 x 6,000 dpi print resolution and Brother's Innobella™ Ink and Photo Paper, the MFC-490CW delivers professional and vibrant printouts quickly at speeds of up to 33ppm (monochrome) and 27ppm (colour). An exclusive Brother process called True2life® is also available to optimise your colour prints with those originally captured on your camera for the truest colours possible.

Increase Your Savings

With Brother's 4-cartridge ink system, you can lower your running costs by replacing only the colour cartridge that has run out. This means a more efficient use of ink and increased cost savings.

Seamless Operations

The fast-switching dual purpose trays allow you to save time and effort by quickly switching between A4-sized paper and (4x6") photo paper.

Efficient All-in-one Solution

The MFC-490CW speeds up your work with a high-speed USB interface and a 15-page Automatic Document Feeder (ADF) that eliminates the need to scan or copy documents page by page. Its Super G3 fax modem transmits faxes in approximately 3 seconds while the junk fax filter helps save paper and ink. A unique PC Fax receiving feature lets you receive faxes in softcopy even with the PC turned off. In order to save time and paper, its versatile scanning applications allow you to scan to email, OCR and more, in a variety of formats including JPEG, TIFF and PDF!
